

Healing on the Streets Frome

During the past year, apart from a break from December to February, we have been out twice a month from 10.30 to 12.30 on a Saturday morning. Having been in Kingsway until now, we are now able to be in the Precincts by the bridge, unless someone else has booked the spot, when we go back to Kingsway. No two days are the same, but each time we have been able to minister to several people, praying for a variety of needs as well as having conversations about faith. We meet as a team each 'term' as well as having fellowship with other teams at gatherings arranged by the Bath HOTS ministry. We invite others to join us at HT on 27 May, for a training day led by Paul Skelton from Bath. Anyone who is interested in learning about the healing ministry will be welcome. It's not just about going out on the street, though new recruits on in the team would also be welcome.

Details from Jenny Buckler at HT.
